Director Turner
Central Intelligence Agency
Langley, Virginia

Dear Sir:

Recently on the television program "Good Morning America" you displayed, among others, a copy of a study on nuclear energy which had just recently been declassified. You stated on the program that many of the documents prepared by the CIA are available to the public through the U.S. printing office. As we are involved in studies concerning the effects of nuclear reactors on surrounding populations, we would like to obtain a copy of this CIA document on reactors, if at all possible. We'd greatly appreciate you advising us as to how we might receive one.

Thank you for your assistance.

Sincerely,

A handwritten signature in cursive script that reads "Linda Schneeloch".

Linda Schneeloch
